More than Paper

**PadPak<sup>®</sup> CC**

**FLEXIBILITY**

Can be placed anywhere for your convenience

**COST EFFICIENT**

Reduces material handling and takes up less storage space

**PERFORMANCE**

Unique pad design offers optimal protection

**The compact cushioning solution for pack station environments**

The converter forms single layer kraft paper into a high volume star-shaped paper configuration, which can be used as an effective filling material. It prevents products from shifting around in their box, ensuring damage-free arrival at the end destination.

The converter runs at high speed, is compact and easy to integrate into every packing environment.

## SPECIFICATIONS

### Converter

Dimensions: 51 x 81 x 55 cm

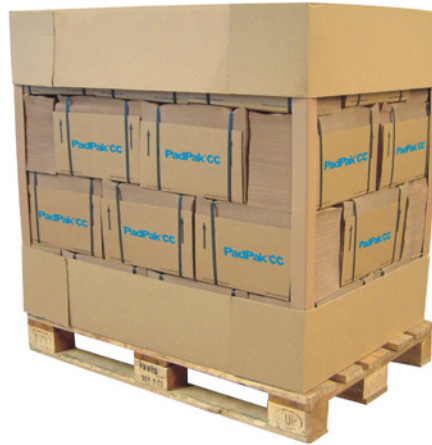

Weight: 50 kg

Power: 350 watt

Voltage: 100 - 240 volt

### Paper

Base weight: 50/50 gr/m<sup>2</sup>, 50/70 gr/m<sup>2</sup>

Roll length: 225 m, 180 m

Roll weight: 8.6 kg, 8.2 kg

Base weight: 70 gr/m<sup>2</sup>

Pack length: 360 m

Pack weight: 9.6 kg

Paper width: 38 cm

## OUR ADDED VALUE

### Packaging Engineering

Ranpak analyses and reports on your current packaging solution. The drop test shows exactly how much shock is transmitted to your products through the packaging. Ranpak then suggests alternatives as to how to improve protection or save costs.

### Integrated Applications

The Ranpak Added Value department can design structures, frames and other innovative solutions to integrate the packaging converted anywhere around, above or under a packing area.

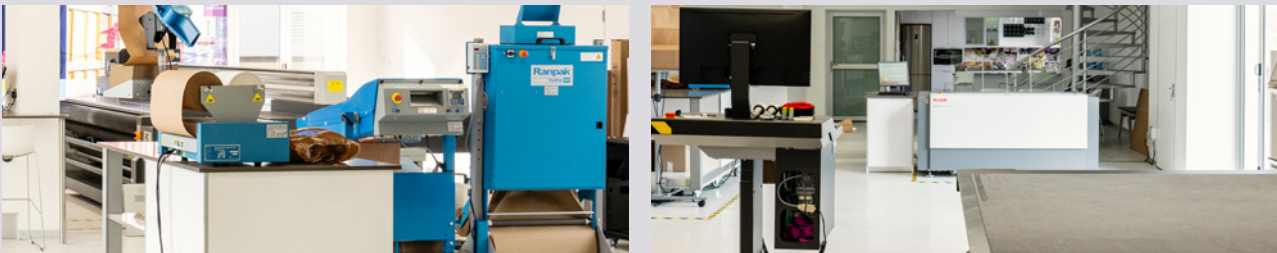

### Packaging Training

Training from our packaging experts will help your packers to use up to 20% less packing material, without compromising the quality of the packaging.

## SUCCESSFUL IN THESE INDUSTRIES

- Jewellery
- Tools
- Electronics
- Medical
- E-Commerce
- Technical Instruments
- Cosmetics
- Computers
- Toys & Sport
- Decoratives
- China & Glass
- Automotive

### ARRANGE A VISIT TO THE KALIDECK EXPERIENCE CENTRE

We are proud of our state of the art showroom facility where customers are welcome to come and test any of our flagship products. Our facility is designed to provide a customer experience that shows the true power of our holistic product solution, from paper through to production and print.

## GO GREEN

Our company works with FSC® Certified suppliers. FSC® is a global not-for-profit organization that sets the standards for what is a responsibly managed forest, both environmentally and socially.
